JANUARY FROSTING

Our cover and the snow photos inside are especially for our readers in Florida and other southern parts of the country who enjoy seeing the trials of this season while basking in the sun. Our cover is a lane off Ned's Point Road under the new blanket of last Friday. Below, is the only street left unplowed in town because it is the end of Ship Street which leads only to the water. Manny Nunes and the Highway Crew did their usual fine job on our miles of streets and roads. It's a pleasure to come home to Mattapoisett after any snow storm.

Authority member; Frank M. Suzan, Board of Selectmen; William A. Matthews, Planning Board member; Andrew J. Bobola, Building Inspector; Daniel C. Lee, Board of Health member; Joseph Souza, Conservation Commission member. A representative of the Board of Assessors will be appointed after a name is recommended by the Assessors, to complete a panel of nine members.

Selectmen Chairman John N. DeCosta outlined the duties of the committee to bring affordable housing to Mattapoisett which includes preparing the application for a state grant. The committee will seek to determine what type of house can be built in Mattapoisett, either multiple or individual houses; how much they will cost; possible building sites; interview private contractors; determine if there is sewerage in the area or can it be installed; roads and entrances and areas where the town will allow construction.

On a similar matter, Selectmen received letters from two persons interested in submitting proposals in the Affordable Housing Program.

One was from Michael J. Kenney, owner of The Kenney System, Inc. of Marion, who also submitted a proposal to the Town of Marion and has been involved with the housing program in Falmouth. As a builder/developer of high priced projects in a community, Mr. Kenney wrote to both Marion and Mattapoisett Selectmen that he feels he has an obligation to help provide affordable

housing.

Mr. Kenney wrote, "We have developed a design and offer to build this project as a community effort totally at no cost. We would then turn this over to Marion (Mattapoisett) to be sold or leased to deserving families. We would work with the town on an existing parcel which it may own or some other piece which it may know of, which can be obtained for this purpose. This offer is made totally free of discussion of linkage with any project in the community. I hope you realize that the key to resolving affordable housing lies in the Town's capability to receive affordable housing in exchange for the permit-planning process." This proposal is similar to that submitted to the Town of Marion by Mr. Kenney.

The second letter of interest was from George Viveiros, 237 North Street, Mattapoisett who expressed the wish to "Take the opportunity to advise you that I would be interested in participating in your attempts to produce affordable housing. I feel that with over 35 years' experience in both design and construction of housing I should be able to come up with quality for affordable housing."

Both letters were filed and will be given consideration when the committee is formed.

dered to cease and desist keeping and storing more than one unregistered car, truck or trailer ungaraged at any time, unless authorized by a Special Permit granted by the Board of Appeals.

The inspector's report cited the fact there has been no resolution of this problem following his letter of December 17, 1987 outlining violations regarding four vehicles. The Rosas can appeal the order with the Mattapoisett Board of Appeals. The town can impose a penalty of $200. for each day a violation continues. Mr. Bobola will inspect the premises on January 6th to assure compliance with the order.

NOTED the Growth Management Study Committee will meet at 7:30 p.m. Thursday, January 14th, at Village Court. All meetings are open to the public.

ANNOUNCED Mrs. Adeline "Addie" Santos, 15 Aucoot Road has retired from the Nutrition Program held daily at the American Legion Hall.

A letter of appreciation was sent by Selectmen Chairman DeCosta noting, "During the past 13 years you have performed your job in an outstanding and most professional manner. You will certainly be missed by those who partake in this program. On behalf of the residents of Mattapoisett and my fellow Board members, I wish you the very best in your retirement."

NAMED Selectman William F. Hubbard to represent the Board as a member on arbitration to the agreement between Brown and Lindquist Architects and the Town on the proposed Police Station.

Selectmen noted that if a Selectman cannot be named to represent the Board, another person will be named after consulting with Town Counsel Donald J. Fleming. It was noted the architectural firm has its own representative on arbitration and the Board feels it should have its own representative in this sensitive matter.

ANNOUNCED SEALED PROPOSALS will be received by the Town for one Class "A" Triple Combination 1250 gallon per minute pumping engine. Previously, a first alternate bid for one Class "A" Triple Combination 1250 GPM pumping engine under a lease agreement was also going to be sought.

However, after checking by Executive Secretary Carol Adams it was determined the town meeting vote for funds for a pumper did not cover a lease agreement, but only an outright purchase. Selectman Hubbard had asked this aspect be checked before the bid was advertised.

GRANTED USE OF THE GAZEBO at Shipyard Park to Laurie Macomber of Quincy and Robert W. Dwyer for their wedding on May 14, 1988.

NOTED THE DATES for budget subcommittee meetings of the Old Rochester Regional District School Committee will be held at 7:00 p.m. on Thursday, January 7th; Tuesday,

Marion Selectmen's Meeting

JANUARY 5, 1988-by EUNICE MANDUCA
A COMMUNITY SERVICE OF THE
LEAGUE OF WOMEN VOTERS

Mr. Russell DeBarros of Wareham Road, representing residents of Hill Street and Oak Street, explained a serious traffic problem in that area. With additional homes being built on Oak Street, which leads to Hill Street, a single lane roadway, cars may be forced to back out on to Route 6 traffic. The Selectmen agreed to look into the matter. There is a question whether these streets are private ways or town roads.

Abel Rodrigues reported on his inspection of the town Fire and Police building heating plant and made suggestions for reducing the cost of price estimates for replacing the equipment. Mr. Rodrigues also brought to the Selectmen's attention the fact that, traveling west on Route 6 at the Route 105 intersection, a green light on the display of the Christy's store could be mistaken for a green traffic light with possibly serious results. The Selectmen will refer the matter to Police Chief Scott.

Merrill Worthen and Phillips Taylor discussed the Water Quality Report. It was suggested that additional engineering firms be consulted concerning possible solutions to Marion's water problems. Although Mr. Taylor agrees with Camp,

Dresser & McGee's presentation and solutions from a background of many years' work in the water quality field, he also agreed with Mr. Worthen that, with such a large cost of implementing the improvements, it is very important to assure townspeople that every avenue has been explored to secure the best possible service at the least possible cost to the town. The report will be sent to several engineering firms with a request for possible solutions and specifics on equipment requirements. This must be done quickly in order to be concluded by the time the Warrant goes to the printer for the Annual Town Meeting on April 25, 1988. Mr. Taylor was volunteered by the Selectmen to assis with drawing up the request for proposals.

Robert Gardner appeared before the Selectmen to suggest that it should be possible to reduce the strain on the Marion water system by encouraging conservation. The Selectmen are also the Water Commissioners and Selectman Ted Pratt informed Mr. Gardner that the water department is presently working on an ascend-

ing block rate for water users. This system means that large users will pay higher rates per gallon. The present rate system, because of the initial base charge, does not sufficiently encourage conservation. Whether you use one unit (7.48 gallons) or 6000 units you still pay the base charge of $60.00. The new rate would have the users pay for what they use with penalties for casual use. Mr. Pratt also stressed the necessity to plan for the future growth of the town by mandating the use of micro-flush toilets in all new construction. Some toilets now in use use as many as 6 gallons of water per flush. The micro-flush toilets use less than two gallons. This would result in a great savings both in water and in waste water processing. Mr. Pratt also stated that Marion has a Class I permit to discharge treated waste water into Aucoot Cove and, although tested regularly, no shellfishing beds have been closed in that area.

Letters received:

from the Federal Emergency Management Agency with revised Flood Insurance Rate map and Flood Insurance Study material; from Senator John Olver re solid waste bill; from

BOARD OF HEALTH

A tentative date has been set for January 12th for a hearing with Joseph Zora, Sr. and his attorney and Tom Fantozi to address some problems with a septic system. A date will be set to discuss the appointment of a joint health agent with the Rochester Board of Health.

Letters received: from the Mass. Department of Public Health re Pediatric DT vaccine distribution; from Mass. Department of Public Health re rabies immunizations of dogs; from E.C. Brainard II re septic system permit. A letter will be sent to clarify additional concerns of the Board of Health and the Conservation Commission re Mr. Brainard's project.

To the People of Marion:

For ten lively years I have had the honor of serving on the Marion School Committee. For seven of those years my colleagues have appointed me to represent them in even livelier times at the Regional School. I have been grateful for your encouragement and support, and grateful for the hard questions and frank disagreements that have made it difficult to get careless or smug.

However, the time has come for me to climb down off this swing and let somebody else have a turn. Consequently, when my current term of office expires in the spring I will not seek re-election.

Sincerely, Kathleen Reis

Sippican Choral Society

The Sippican Choral Society has resumed rehearsals Monday evenings from 7:30 to 9:30 in the Fellowship Hall of the Congregational Church in Marion. Interested singers may join at January 18th or 25th rehearsals.

The Choral Society presented a holiday concert on December 6th in the Wickenden Chapel at Tabor Academy which included works by Telemann and Pergolesi. A small group from the society sang at the First Night Celebration in New Bedford. The spring concert, to be presented in April, will feature humorous music, including selections from PDQ Bach for chorus.

Rochester Seniors

December 8th found members of the Rochester Seniors enjoying their annual Christmas Party and the election of officers for 1988.

The following officers were elected: President, Pearl Carreau; Vice-President, Isabel Preston; Secretary, Margaret Doane; Treasurer, Florinda Reed; and Virginia Blaise will continue as the Hospitality Chairperson. Outgoing President Kay Settele wishes to thank the officers who worked with her for their cooperation and to wish the incoming officers a successful year. On December 9th the members went to Independence Harbor for a Christmas dinner and show. December 13th found many members and friends on a three-day trip to the Indian Head Resort in Lincoln, N.H. for a very memorable time.

Kay Settele, trip coordinator, would like to thank everyone who traveled with the Rochester Sen-

Marion Coterie

The initial gathering of the newly formed Marion Coterie will take place in Saint Gabriel's parish library on Wednesday, January 20th, beginning at 7:00 p.m., ending at approximately 9:00 p.m. The future format will be discussed during this session. Webster's "Coterie": "A group of persons who meet familiarly, as for social purposes".

The purpose of the coterie is to learn. Through discussion, within a relaxed informal atmosphere, members will become conscious of the tensions among conflicting goals: individual freedom, creativity and fulfillment; social justice and equity; efficiency. These discussions will provide able men and women with a special, if not unique, forum in which to discuss their convictions and shape their goals. A broad selection of subjects, selected by members, will be discussed.

In the process, participants can develop a better understanding of the opinions of people from other sectors and to reflect on their own values and attitudes and emerge with a better understanding of society and the evolving domestic and global environments in which they must function.

All persons are welcome to participate in the Marion Coterie which will meet on a regular basis. Drop

COMMITTEE STARTS WORK ON DRAFT BY-LAW

The next meeting of the Mattapoisett Historic District Study Committee will be held on Thursday, January 21st, at 7:30 p.m. at the Museum, 5 Church Street. The meeting will be devoted to work on a draft of a by-law to be proposed as part of establishing a statutory Historic District. These meetings are public and anyone interested is cordially invited to attend.

The Study Committee is working toward presentation of a preliminary report to the Planning Board and to the Selectmen. This preliminary report must also go to the State Historical Commission for comment. Following these required steps which are expected to take several months, the Committee will hold a Public Hearing on the final report, before the matter can go on a warrant for a Town Meeting.

WINTER CLASSES

Ballet and pre-ballet lessons will resume on Thursday, January 21st, at 3:15 and 4:00. Children ages 3 to 7, beginners and advanced beginners, are eligible. Kay Hanley Alden is the instructor. A teacher for many years, Mrs. Alden is a specialist in early childhood development and stresses creative movement, rhythm and lots of fun in her classes. For registration please call the Marion Art Center at 748-

If you saw too much of this last winter, call us now.

We'll show you how a new Weil-McLain Model 68 oil boiler could save you hundreds of dollars on your heating bills next winter.

The fact is, many older boilers operate at only about 60% efficiency. That means that as much as 40% of the fuel you're paying for could be going right up the chimney. The new Weil-McLain 68 oil boiler operates at over 84% efficiency—so it can save you enough money in oil bills to pay for itself in a few short years.

QUESTION:

WHY SHOULD CHILDREN HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because growth and development can be affected by minor bumps, jars and falls.

Every year, thousands of structural health problems in students of grade and high school level go undetected even though teachers, coaches and physical education instructors watch for health irregularities which might interfere with a child's physical performance and learning ability.

Part of their jobs? Not really. It's that extra sense of dedication that makes these already overworked public servants give children that extra attention. The "school guardian" is responsible in many cases for the detection of potential health problems and the funneling of children to proper health authorities.

What most people don't know is that most health problems are far too complex for the teacher to note. And with a busy schedule, the educator can't be expected to have the time to screen problems that are beyond his or her scope of training, no matter how conscientious the teacher may be. The result: many children have health problems that retard their ability to learn or engage in sports effectively.

Here's what you can do:

- Parents should be urged to take more responsibility for their children's health.
- Parents and teachers should be alert to such things as changes in energy level, postural changes, moodiness, listlessness or any unusual signs that signal a problem that will impede learning. One of the observable signs is lack of interest in school activities.
- The structural balance of the child's body should be considered. The school teacher will no doubt note the child's posture, but that does not always indicate the structural integrity of the body. Comprehensive chiropractic examinations, including examinations of the spine, pelvis, neck and limbs should be recommended to avoid developmental problems.
- Incorporate posture awareness programs into your class projects. Write for suggestions and materials.

Mattapoisett Board of Appeals

GRANTS THREE VARIANCES

by VIRGINIA MORGAN

Victor Bevilacqua of 2 Brom Dutch Road, Buzzards Bay was granted a variance in the General Business District located at 124 and 126 Fairhaven Road from the westerly bound of the property for construction of a one and one-half story structure containing 24 feet by 40 feet for a combination of business use (offices) on the first floor and residence use on the upper floor. No one appeared at the public hearing in opposition to the proposal. The structure will be set back at least 65 feet from Fairhaven Road and 50 feet from Brandt Island Road.

The Appeals Board found that owing to circumstances relating to the shape of the lot and especially affecting such lot but not affecting generally the General Business District in which the property is situated, a literal enforcement of the rear or side setback requirements of the Zoning By-Law applicable only to the westerly bound of the property would involve substantial hardship, financial or otherwise to the petitioner.

The second variance was granted

to John B. and Louise H. Rogers, 26 Fairhaven Road relating to property at 26 Fairhaven Road where the petitioners wished to do a reconversion of an existing building to a multi-family dwelling containing two single family dwelling units.

Because the lot contained the existing two-story building with two one-family dwelling units, one on each floor of the building, and that the building essentially has been a two-family house since at least the early 1900s, the Appeals Board granted the variance. It was determined that desirable relief would not cause substantial detriment to the public good and would not nullify or substantially derogate from the intent or purpose of the zoning by-law.

The third variance was granted to Helen Makuch, 80 County Road, relating to property located at 80 County Road in the General Business District having frontage on County Road (Route 6) of 134.46 feet, 15.54 feet less than the applicable frontage requirement of 150 feet.

The petitioner wishes to establish a subdivision on the land which is both General Business and Residence 30. The proposed lot will contain approximately 76,880 square feet.

The variance is granted from the 150 foot frontage requirement of proposed Lot A on County Road. Proposed Lot B, having no street frontage, will not become a buildable lot. With the variance, the pe-

Theatre One Productions

Opening January 21st and continuing for three weekends, January 22-23, 29-30 and February 5-6 at 8 p.m. Theatre One Productions will be presenting the premiere of "BROADWAY'S BEST", a new musical review, featuring great songs from the geniuses of the American Musical Theatre: Cole Porter, Rodgers and Hammerstein, the Gershwins, Rodgers and Hart, Lerner and Loewe, Jerry Herman and many others.

It's everything you ever wanted in a musical review, all the good feelings of the past and present combined into an evening of memorable show-stopping tunes. It's a brash-bouncy broth of "BROADWAY'S BEST", a perfect way to start off the New Year.

Tickets go on sale between the hours of 4:30-7 p.m. (Thursday, Friday and Saturday) during the run of the production. Theatre One Productions is located on Route 105, North Main Street in Middleboro. For further information call Theatre One Productions in Middleboro at 947-1880.

ADMITTED TO BATES COLLEGE
UNDER EARLY DECISION PROGRAM

Stuart B. Titus, son of Mr. and Mrs. David B. Titus of Marion, has been admitted to Bates College under its Early Decision Program.

Early Decision applicants are students who have decided that Bates is their first-choice college. Upon acceptance, they have agreed to withdraw all applications to other institutions.

Among the advantages of Early Decision is that students who indicate a strong desire to attend Bates, by submitting their application and credentials early, will receive special consideration in the evaluation process.

Those who are not admitted under the ED plan are not rejected at that stage. However, the admissions committee may defer making a decision until mid-April, when the rest of the candidates are selected. Even if a student is deferred, his or her application is still given special consideration in the regular review.

Titus is a senior at Tabor Academy.

Globe Art Awards

HOSTED BY HERITAGE PLANTATION

Once again Heritage Plantation of Sandwich will act as one of the five regional hosts for the Boston Globe Scholastic Art Awards Exhibition. The show will be on display from January 19th through the 31st, 10 a.m. to 4 p.m. on weekdays and 1 to 4 p.m. on weekends. Admission is free. The museum will open the doors of its Shaker Round Barn to the public for a viewing of the region's young artistic talent. Heritage Plantation hosts the southeastern region of Massachusetts in this statewide competition.

The Scholastic Art Awards Program is 61 years old and an institution in the secondary schools. Sponsored by the Boston Globe, and administered by the Artists' Foundation, the program encourages student achievement in the division of creative art. Various classifications cover entries of painting, graphics, drawing, printmaking, three dimensional design, and photography. This regional exhibition gives the students a chance for local recognition as well as prizes. The winners will receive gold medals, scholarships, cash awards, and the honor of display at the National

grades 7 through 12 are eligible. The competition is open to students from both the public and private sectors. The judges for the competition are experienced educators and artists from the southeastern Massachusetts area. These judges are recommended by the Advisory Committee on the basis of a special understanding of art education on the secondary level. The judges will spend two to three days at Heritage Plantation to judge the entries prior to the opening of the show on January 19th.

Only the Round Barn will be open for this January event, but the museum welcomes all visitors. Heritage Plantation is just 3 miles from the Sagamore Bridge. Exit onto Route 6A, then go right on Route 130 to Pine Street and the museum.

JANUARY BRUNCH

Friends of Wholism is an organization to network and celebrate human potential. Meetings are on the third Sunday of every month at the Nemasket Gallery, 56 Bridge Street, Fairhaven. A catered brunch is offered from 9:30 to 10:30 followed by the featured program. On Sunday, January 17th, the speaker will be Deborah Keir on Energy Field Therapy. The brunch includes an assortment of breads and vegetarian dishes. The cost is $5. Please call 993-1151 to make reservations.

Deborah Keir is one of a growing number of local health care professionals who incorporates a variety of traditional and non-traditional healing techniques in her practice.

Trained as a psychiatric nurse with a traditional background in psycho, drug and milieu therapy, Ms. Keir began in 1977 to work with therapeutic touch, an energy-based healing me-

Project GROW

SPONSORS COMMUNITY EDUCATION

January 19th will mark the beginning of a series of programs on current issues in early childhood education for parents and professionals in the tri-town area. Last year's community survey identified the desire of parents and professionals who work with young children for speakers, workshops, and courses to be offered within the community. Project GROW has responded with four separate series to meet the needs of various groups. The programs are funded through a grant from the Massachusetts Department of Education and are free of charge.

An introductory session on the STEP (Systematic Training for Effective Parenting) Program designed for parents of pre-schoolers (ages 3-5) will be presented on Tuesday, January 19th, by Gayla Tracey, Rochester Memorial School's Adjustment Counselor. It will be held at the Memorial School on Pine Street in Rochester and begin at 7:30 p.m. Parents of pre-schoolers interested in finding out more about raising responsible children while feeling more adequate and

January 22nd, from 6:00 to 9:00 p.m. of OFFSHOOTS - ART IN TEXTILE MEDIA, a major exhibition of work by the students, faculty and alumni of the Swain School of Design's Fiber Department. The exhibition will run through February 17th. In case of a snow emergency, the opening reception will be held on Sunday, January 24th, from 1:00 to 4:00 p.m.

The Gallery is proud to announce the publication of its first catalog to accompany the exhibition. Peggi Medeiros, Gallery Director, notes, "A catalog represents a major, logical step in our growth as a gallery showing the best work of artists in southeastern Massachusetts. We realized however that we did not have the financial resources to carry the catalog project on our own. We turned to our friends in the community and forty-two individuals and businesses responded, making our very first catalog a reality. We are very grateful for their assistance and delighted to be presenting OFFSHOOTS." The catalog, printed and designed by American Press Inc., contains an introduction, artists' statements and black and white photographs of representative work in the exhibition. Tobey Hospital

OFFERS CARDIAC SUPPORT GROUP

"Cardiac Connections", a new educational and support group at Tobey Hospital helps heart patients and their families cope with heart disease.

"Heart patients, as well as their families and friends, need to be able to understand what has happened after the crisis is over," explains Ann Marklin, RN, Cardiac Rehab Nurse at Tobey. "Sharing experiences and information is often a helpful part of the recovery process."

Patients who have heart disease, have had a heart attack, or have had heart sugery and their family members and friends will benefit from the support group.

Members of Tobey's Cardiac Rehabilitation Team will offer participants information on a variety of related topics. They include:

- What to Expect After Your Heart Attack or Heart Surgery.
- Understanding Your Risk Factors for Heart Disease.
- The Effects of Medications used

gist Lee I. Corwin, M.D. and Donald S. Marks, M.D. for the services of EEG technicians Peter and Pat Morin. The hospital has also purchased a Grass Encephalograph, which offers state-of-the art technology in EEG testing.

An EEG is a painless, non-invasive test in which electrodes are attached to different areas of the scalp. Technicians place the electrodes to measure activity in specific parts of the brain.

An EEG can provide detailed neurologic information that aids in the diagnosis of a number of problems. For instance, in the case of epilepsy, an EEG is the only test that will show any brain abnormalities.

EEG's are also used in the diagnosis of sleep problems and are used for brain monitoring during carotid artery surgery. The carotid arteries are the brain's major blood supply.

EEG testing at Tobey will be provided for both pediatric and adult inpatients, who were previously transferred to other hospitals for this testing. The tests will be interpreted by Dr. Corwin and Dr. Marks.

Q. IS PASSIVE EXERCISE JUST A FAD?
A. DEFINITELY NOT! Passive exercise is the alternative to strenuous exercise. It has been said by physical therapists that the concept is effective for people with heart problems, artificial joint recipients, arthritics and others. Imagine effortless exercise that provides muscle tone strength, muscular endurance, flexibility, better circulation and inch loss! Call for complimentary visit or just stop in and see for yourself. Marcell said, "Last year's Career Day was such a success, we will follow the same basic format this year. We feel this approach will offer both students and recruiters a fair opportunity to discuss and review military options."

This is an opportunity for the students and parents to see all of the armed forces representatives in one place, instead of having to drive to many different locations to collect information. Students will be made aware of the career opportunities available and the vocational skills used in the various branches of the armed forces.

Mr. Marcel says, "This is a fine opportunity for students to explore the military career options which may compliment their vocational training."

An Armed Services Vocational Aptitude Battery Specialist will also be available to explain the attributes of taking an aptitude test.

IDENTIFYING BIRDS' NESTS

January may not be a time to find bird's nesting in this area, but it is a great time to learn about their nests. The topic of the January 17th weekly walk at the Lloyd Center for Environmental Studies is birds' nests.

This program will be an exercise in good detective work, using your observation skills and deductive abilities. We will walk the Lloyd Center grounds searching for nests. We will then use the clues of habitat, size, building materials, and location to discover the type of bird who built it. This program is a must for all good nature detectives or those who want to be.

Pre-registration is required. For registration and more information on the walk call the Lloyd Center at 990-0505. This walk is part of the weekly walk program which has been bringing free, weekly nature programs to the people of southeastern Massachusetts for six years. This and other Lloyd Center weekly walks are offered to the public free of charge thanks to the kindness of Marianne Macdonald Real Estate, Inc. of South Dartmouth.

CROSS COUNTRY SKI
MYLES STANDISH STATE PARK

It's finally winter in southeastern Massachusetts. Don't let the snow slow you down. Join the Lloyd Center on Sunday, January 24th, for a cross country ski exploration of Myles Standish State Forest in Plymouth.

Myles Standish State Forest, a large undeveloped area covered with pine barren and scrub oak habitat, offers the perfect setting for a ski trip, with its miles of trails and unplowed fire roads. The trip is free to the public and open to all intermediate and advanced skiers. Emphasis will be on learning about

BURGESS BIRTHDAY PARTY

Thornton W. Burgess' 114th Birthday Party will be celebrated this year on Monday, January 18th, at the Green Briar Nature Center in East Sandwich. Born and raised in Sandwich, Burgess later drew on his childhood memories to create the charming bedtime stories which have instilled a love of nature in generations of children.

Youngsters are invited to join in the fun at either 10:30 a.m. or 1:30 p.m. with a puppet-show storytime, birthday cake, and a walk through the Dear Old Briar Patch. A 50¢ donation per person is requested. Pre-registration is not necessary.

Put less money into your boiler.

A new Model 68 oil boiler from Weil-McLain could save you hundreds of dollars on your heating bills—this winter alone!

If your oil boiler is more than 10 years old, it could be operating at only 60% efficiency—or less. That means 40% of your heating dollars could be going right up the chimney.

But a new 68 boiler from Weil-McLain operates at 84% efficiency, which means it can pay for itself in just a few short years. That means more money in your pocket—and less in your boiler.

Find out how much you can save with a Weil-McLain 68 oil boiler. Call us today!

MRS. PETER RABBIT'S SALE

Mrs. Peter Rabbit, broom in hand, conducts her annual sweep-out sale at the Thornton W. Burgess Museum with savings from 20% to 50% on many unique items that celebrate the natural world. Books, Dedham pottery, glass and porcelain pieces, jewelry, baskets, animal tiles, and toys are among the items on sale. Excluded from the sale are Burgess books, cup plates, cup plate frames, and the new Society cookbook, "Flavors of Cape Cod".

Mrs. Peter's sweep-out runs from January 19th through the 30th from 10 a.m. to 4 p.m. each day. However, the museum will be closed on Sunday and Monday during that period. The Burgess Museum is located on Route 130 in Sandwich Village.

The gift shop at the Green Briar Nature Center, off Route 6A in East Sandwich also joins in Mrs. Peter's sale. Green Briar shop hours are Thursday, Friday and Saturday from 10 a.m. to 4 p.m.

Proceeds from gift shop sales help to support the educational programs of the Burgess Society in furthering its purpose "to inspire reverence for wildlife and concern for the natural environment".

Instantly known around the country for his Revlon 'Charlie' perfume commercial, Short describes himself as a saloon performer and jazz pianist. As Short has said, "I'm a real, live cabaret performer. A saloon performer goes far beyond performing in the spotlight at the microphone. To be a good saloon performer, there has to be an accessibility between the audience and the performer."

Fifty years as a professional performer, Short began his career at the age of nine, performing at the roadhouse in his hometown of Danville, Illinois. The son of a coal miner, Short grew up in the Depression days. He commented, "I came from a poor midwest family - poor, but proud. By the time I was 12, I was helping pay the bills at home by playing saloons." By the age of 17, Short was on the road as a performer, playing the piano and singing. After traveling around the United States and Europe, he settled in New York City. In 1968 he began his long-standing engagement (19 years) at the Cafe Carlyle in Manhattan.

A performer of a seemingly limitless repertory of tunes, Short will enthrall his audience with the songs of Noel Coward, Rodgers & Hart,

Gershwin, Vernon Duke, Cole Porter and numbers from several Broadway shows.

Even with his busy schedule of live performances, Short has managed to fit in some producing and recording. He was involved with the production of "Black Broadway" and recorded his own album, "Bobby Short loves Cole Porter".

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford.

"The King and I"

Rodgers and Hammerstein's musical classic, "THE KING AND I", will provide an exotic excursion into the Far East on Thursday, January 21st, at 3:30 and 8:00 p.m. at the Zeiterion Theatre. This musical masterpiece is sponsored by the New Bedford Institution for Savings. Tickets are priced at $23.50, $20.50 and $17.50 with a $2.00 discount for senior citizens and students. For more information on tickets, group packages and season subscriptions call the Zeiterion Box Office at 994-2900.

"The King and I", written by the legendary team of Richard Rodgers and Oscar Hammerstein II, was a Broadway triumph hailed by critics as one of the most spectacular shows ever produced on Broadway. "The King and I" went on to win the Tony Award as the Best Musical of the 1951-52 season. The show ran on Broadway for almost three years, and was sent on an enormously successful national tour. The late Yul Brynner gained international stardom through his portrayal of the King on Broadway, and starred in the 20th Century Fox film of the same name where he won an Academy Award for Best Actor.

The romantic and timeless songs in "The King and I" rank among Rodgers and Hammerstein's best.

The lush score includes "Hello, Young Lovers, " "Shall We Dance?", "Getting to Know You", "I Whistle a Happy Tune", "Something Wonderful", "I Have Dreamed", and many more. As Newsweek wrote, "These days we're lucky to walk out of a new musical able to whistle one happy tune; from "The King and I" you can take your pick of half a dozen."

The creation of this classic musical began with the real life story of Mrs. Anna Leonowens, a widowed English governess who went to Siam (now Thailand) in 1861 to teach English to the King Mongkut's children. Upon returning to England seven years later, she wrote two books relating her experiences entitled "An English Governess at the Siamese Court" and "The Romance of the Harem", both published in the early 1870s. In 1944 British novelist Margaret Landon adapted Mrs. Leonowen's original autobiographical works into a fictional account entitled "Anna and The King of Siam". Four years later Rodgers and Hammerstein adapted the original story for the stage.
